## ***From Bani Dawsari Performance Horses:***

We have obtained Rabdans Serraniza, AHA #0545821, from Diana and Bruce Johnson. Serraniza is a bay mare, foaled April 6, 1997 and is by Midbar Fa Rabdan and out of Diana's cherished Almoraima Ceniza.

FAAROH  
(Almoraima El Cid x Fa Maarlina)

This spring we decided it was time Faaroh experience his first show. As you know, two year olds are beginning an awkward phase in mental and physical development but we felt that Faaroh could ultimately handle the challenge. Sadly, Faaroh had rubbed off a big section of his mane on the fence some time back and though it was growing back at a decent rate we chose to cut it even looking more like a Thoroughbred and not bother to braid--don't think the judge even noticed. Faaroh hadn't even been in a trailer since we transported him from New River, Arizona to Waller, Texas but as soon as we were on the road he was game for the trip and even took his stay at the show site like he had done it before. Brittany Bartlett showed our two year old stallion in his Sport Horse In Hand classes and he not only behaved himself but took to his new job like a trooper getting a second place in amateur and a third in open. We were very pleased with his performance and his scores.

CAPITANS SABLE LEGACY  
(Almoraima Capitan x Serabahs Sable Gem)  
Foaled: 3/20/13

Serabahs Sable Gem (aka Gem) (Masada Ben Asar x SSH Serahsaafa) presented the Babson fancy with a handsome bay colt—the final foal of Almoraima Capitan (Serr Rou x Marlaroufa)-- on March 20<sup>th</sup>. Although there was no sign of the impending foaling at 2am, Sable was walking around the stall like he had been doing it for days when I came out to feed. One would have thought that Gem was an experienced mother but Sable is her first foal and she did everything she could to get him going. Though some veterinary intervention was needed to get him feeding properly, mom and son have

been a loving, interactive team from the start.

Sable is a handsome replica of his sorely missed sire to the extent that those who knew him wonder if Capitan's soul might inhabit the body of his son. Expectations for this foal are high. He is very smart and personable and shows no fear of new situations.

Happy Co-Moms, Elaine and Elizabeth

***From Springmeadow Ranch:***

SOTAMMS SERRHITA  
(Serr Sotamm+ x Bint Bint Serabah)  
Foaled 3/17/10

Sotamms Serrhita has been spending the year maturing after showing Sport Horse In Hand at 2 shows in 2012. I've never seen a youngster with such large, noticeable tooth bumps so I chose to let her enjoy herself for a year before we get down to business. Hopefully, she won't look so humorous the next time she goes to a competition. She has already worn her bridle and has had a saddle on her back so she is ready to start some serious work once the weather gets a little less hostile (i.e. too freaking hot and humid).

STORMIN NORMAN ROU  
(Almoraima Capitan x Bint Bint Serabah)  
Foaled: 4/6/05

Last summer, Norman exhibited signs of colic which ended in a multi-hour surgery for a huge enterolith the size of a pineapple and as prickly as one. Norman made an excellent recovery sans one thing, a large hernia. He has been wearing a hernia belt for some months and much of the hernia has been reduced but he will have to have a second surgery to close the opening all the way. Poor boy has had many months of confinement and limited play but he has accepted his situation with great candor and common sense. He, like his half brother Capitans Sable Legacy is very smart and agreeable. Plans are to breed him in the coming year.

***From Kamar Arabians:***

We have been working hard at Kamar Arabians since last summer. Last fall, we went to several fall shows. In September, we hit first the American Hero's Arabian Classic in Katy, TX. Kahlidah Kamar Rou cleaned up, bringing home Reserve Champion Sport Horse Mares In Hand, Reserve Champion Sport Horse Under Saddle ATR, and Champion Sport Horse Under Saddle Junior Horse. Kahli also made her Dressage Debut at this show, scoring a 61%. Sadly, two weeks later, Brittany was in an automobile

*Kahlidah Kamar Rou under saddle with  
Brittany Bartlett*

crash while on her way home from the barn. Brittany walked away from the accident, even though her car was totaled, with only a hurt wrist that she has been battling to overcome since. The wrist injury has caused her to lose sensation in her right ring finger, though her wrist has returned to mostly normal use. It still has its days, though.

Despite her wrist being taped and braced, Brittany still went to a show the next weekend where she FINALLY finished her GL mare, ShavehBedoiunMoon, and received her Legion of Honor that she had been working on since she bought her in 2005! We have similar goals for Kahlidah Kamar Rou, and getting this taste of victory with Moon has renewed all our ambitions!

Brittany took Kahli and Laziza Kamar to the NTAHC Shootout in Glen Rose, TX that November, but because of the wrist still causing severe problems at that time, chose to only show them in Sport Horse In Hand and let Lizzie have a go at Halter. Kahli and Lizzie brought home Champion and Reserve Champion Sport Horse Mares In Hand! Lizzie's Halter went well, where she was Champion Arabian Filly, Reserve Champion Arabian Mare, and Reserve Champion Arabian Mare AT.

*Kahlidah Kamar Rou showing Sport Horse In Hand with Brittany Bartlett*

That rounded out the end of the 2012 show season and by the end of it all, Kamar Arabians had managed to win several Regional and National awards! In 2012, Brittany received her AHA Rider of Honor and Horseman of Merit. The GL mare, ShavehBedoiunMoon+, received her Legion of Honor as well as coming 6<sup>th</sup>

*Laziza Kamar moving out in her pasture*

in the 2012 USEF Horse of the Year National Arabian Dressage Amateur Training Level bracket. Kahli placed 3<sup>rd</sup> in the USEF Horse of the Year Region 9 Arabian Sport Horse bracket and placed 6<sup>th</sup> in the USEF Horse of the Year Region 9 Arabian Dressage Amateur Training Level bracket. Lizzie ALSO won her FIRST USEF award, placing 5<sup>th</sup> in the USEF Horse of the Year Region 9 Arabian Halter bracket!

In January, Brittany decided it was time to test her wrist, and took Kahli and Lizzie, as well as three other horses, to the Houston All Arabian

Show in Katy, TX. Lizzie brought home Reserve Champion Sport Horse In Hand Mare, and Kahli brought home Reserve Champion Sport Horse Under Saddle Open after winning her qualifier class.

Next up was the Alamo Arabian Spring Fiesta in Boerne, TX. Kahli brought home Champion Sport Horse In Hand Mare and completed two more Dressage tests, both 61%.

*Laziza Kamar showing Sport Horse In Hand with Brittany Bartlett*

A couple of months later, we went to the Spindletop Arabian Horse Spring Show, again in Katy, TX. We like showing there since it is less than an hour from the farm! Lizzie went in two classes and won the Sport Horse In Hand Mares 3 & Under Class. Kahli brought home Champion Sport Horse In Hand Mare, a win in Sport Horse Under Saddle Open and a 2<sup>nd</sup>

place in Sport Horse Under Saddle ATR! Each class had 7 and 9 horses in them, respectively! Kahli also continued her Dressage at this show, where she set her highest scores to date of 72.5% and 70% and won both of her classes! Our Dressage trainer, Pam Fowler Grace, has told us that Kahli has the capabilities of going all the way to Grand Prix if she continues on the path she is on!

That same weekend, there was a concurrent Dressage show running and we decided to cross enter for the final day. Kahli went in against the warmbloods and placed, with a 65% and a 60%.

That rounded out our Spring Circuit and we have several shows planned for this fall. Follow us on Facebook at [www.facebook.com/KamarArabians](https://www.facebook.com/KamarArabians) or visit us online at [www.KamarArabians.com](http://www.KamarArabians.com) to keep up with our latest exploits!

### ***From Vlacq Stud:***

Princeton Mariner is doing really well, turning 27 as I type and full of bounce! We took him to an agricultural show and he stood second in the 'veterans over 15' – he was the oldest horse there!

He has had his first SBE progeny – a smart bay filly out of Manara Fa Habba (Stam family, Ireland). Last I heard, she was practicing her levade in the stable so she sounds an athletic sort! Gert and Elisabeth also sent Manara Faddana to Prince, a maiden three year old. She returned in foal and we wish her a safe pregnancy and look forward to news of the foal in 2014. We must get over for a visit soon! Sadly, Dunkeld Mairi (Babson/Halima) reabsorbed her pregnancy BUT Nadarra Bint Sabiyah did catch, so she will be having a Princeton Mariner foal next summer! 'The Girls' as we call them look in fantastic shape at the moment.

Hoping Prince will have his first Vlacq Grandchild late summer, watch this space!

## ***From Sunnryhu Farm:***

### The Big Year, News From Sunnryhu Farm

It is with abundant joy and happiness that Sunnryhu Farm announces the birth of Sunnryu Legend, 2013 solid black colt by Sunnryu Faaris x Sunnryu Legacy. Legend is my everything, everything I dreamed of and wanted; he is gorgeous and sweet, and importantly the heir apparent to the Faaris, Princeton Faaris, Sunnryu Faaris sire line. Sunnryu Faaris (Princeton Faaris x Rou Amirah),AKA Baby Faaris, had no SBE replacement son in America until Legend, so we are ecstatic to welcome this special colt into the world.

Prior to Legend's birth, Sunnryu Faaris had only one son, Medina Ibn Faaris, bred by Larry Green, and herd sire for Clo Nollet's Maarena Arabians in France. We are proud of our French Faaris; he is doing a fantastic job of siring for Clo. In 2012 his son, the black Maarena Satin Image was born. His dam is BL Maaroufas Image, a Sunnryu Maaroufa daughter, bred by Terry Beatty. This makes Satin DOUBLE Princeton Faaris and TRIPLE Black Satin, in whose honor he is named. He is a beautiful colt, and we expect great things from him.

2012 was Sunnryu Faaris' Big Year. First he traveled to Lexington, Kentucky to have his semen frozen at the Rood and Riddle Veterinary Clinic. He produced many excellent doses, so if any of our Babson friends would like some, please don't hesitate to contact me. Then a bevy of Babson beauties awaited our Baby Faaris: Bint Fabah Roufah, AM Bint Maaroufa, owned by Dr. Ataur Rehman, SR Bint Faaris, and Sunnryu Legacy. Sunnryu Legacy caught early on, but we started late summer with the rest. The Filly is due soon, via a surrogate mare! Binty and Bint have been moved to future breeding seasons. (SR Bint Faaris will be a full sister to brother mating).. So now in 2013 we are very pleased to report to our friends that the SBE Faaris/Princeton Faaris sire line is going strong on two continents! This is a happy beginning for the future as when I purchased Princeton Faaris in the late 1980s, he had NO SBE progeny!

*Maarena Satin Image*

The past several years Sunnryhu Farm has brought home some of the horses we have bred, due to their owners being unable to keep them any longer. We have been blessed that we have been able to do this; so now much of the Sunnryhu Herd is back, intact in one place, representing three, four, and five generations of our breeding.. This is an awesome sight to behold, and a special time for the Farm; it allows us for the first time in more than a decade to offer some of our youngsters for sale to approved homes. So, if you are looking for your special horse, promise to keep him forever, and spoil him rotten, ☺ call me.

I will end this little news report with a story about Sunnryu Legacy. When

Legacy was giving birth to Legend, she became cast very badly, all four legs straight up against the wall. I could see she was fearful, but she did not move an inch. Her little colt lay quietly behind her, still attached to their umbilical cord, blinking his eyes at this new world of soft light he had entered. Legacy lay quietly too, while I frantically tried to think of a solution... The moments passed; I kept watching. And I could see she did nothing but lay there.. She nickered to her Prince. She rolled her eyes back to look at him. Then ever so slowly and ever so gently Legacy very gradually began to inch herself off the wall, literally, Inch by inch. The whole while her eyes did not leave her son. And the whole while he did not move. Legacy moved so carefully that when she had removed herself from the wall her little one still lay quietly behind her, still attached to their cord of life, and totally unaware, as children of all species usually are, of what a wonderful mother he had been given. THE END

Love your horses. Enjoy your horses. Every minute of every day-- The years will be gone tomorrow.

Mari

### ***From Maarena Arabians:***

Bint Fay Amy has passed away due to a severe leg injury; she broke her right hind leg and unfortunately after a successful operation she broke it again and this time it was not fixable. She is really missed here as she was a superior broodmare, with great

*Maarena Battal*

mind and athleticism. She was the kids favorites and one of my dearest friends. Just before she had her accident, we had bought her daughter who is all Babson with one line to Ansata Ibn Halima, she is her only descendant and she gave us a SE/SO filly who is the only tail female replacement of Bint Fay Amy.

*Fa Daahlina's last son, Maarena Dubaaj*

On a more happy note, I have bought Mahrietta (Mahr Rou x Mahr Sabbah). She is inbred to Char Mahrsab, so she has a high % of Fay El Dine in her pedigree, gathering some of my favorites horses: Roulett, Negem, Faserouf. She is a Dahma in strain tracing to

Bint Bint Sabbah. She is happily in foal to Harou (Mah Hab x Aziza Bint Roufas) for a September baby.

We lost precious Fa Daahlina, but before her death, she was able to give birth to a healthy colt, Maarena Dubaaj, by Medinna Ibn Faaris.

Maarena Battal is offered for sale. Maarena Satin's Image is looking for a partner to work with me.

*Fa Daahlina*

We have also sold Medinna Ibn Faaris to Alexandra Butruille, of France. He will be a riding mount for the next few years and will improve his dressage and jumping skills. I should visit him next September and will take pictures of his improvements.

***From Pat and Don Cornelius:***

Here are some photos taken the FIRST TIME our colt, K Serra, was under saddle. He is very kind and tractable, as these pictures show. Of course, it helps greatly when you work with them from birth. K Serra is a son of Tariifah Bint Aurora bred to Ibn Fa Asar, born in May of 2010.

## Sales

### ***From Alex Redenius:***

Al Khamsa, Straight Babson Egyptian Stallion for sale/lease. Fadrian CMC is a proven producer and an awesome one at that. Fadrian CMC is a beautiful dark liver chestnut who passes his height and sweet personality onto his foals. Fadrian CMC was inherited by the granddaughter of Noreen Ryan after Noreen's death and is currently in the process of "fattening up" due to being a little thin. Fadrian is partially blind in one eye from poking himself in the pasture a few years ago, but of course that does not stop him from doing anything. He is up to date on vaccines, Coggins, and worming. He is easy to handle, loads, and stands for the farrier. Priced at \$4500, but will consider leasing arrangements. For more information, please call 608-371-7081.

From Wally and Tina Hendricks and Ellen May:

I guess we need to announce the passing of Star at Wally Hendricks'. I hope to high heavens no one thinks it was from a lack of love or good care. It was just one of those freaky things, he probably contracted a neurological disease from a possum or raccoon in the pasture. Wally, who is a big tough cop working in search and rescue and always one to have something interesting to say, was so deeply grieved he was unable to talk about it. He truly loved that young horse and Star was everything we all know to be true about a Babson Arabian. Beautiful, athletic, good-minded and soul deep. Someday, when he feels ready again, I hope to find another Babson for him. Star really was a special boy, a shooting star, bright and brilliant and far too short lived.

# ALMORAIMA CAPITAN

(Serr Rou x Marlaroufa)

1991-2012

Bay Stallion

Bred by Nelson and Maria J Ruiz

Owned by Elaine Yerty

I'll never forget the first time I saw Almoraima Capitan. His owner, Lera Thomas, had placed an ad in The Khamsat and it was decided that I should go check out the situation and possibly make an offer on him and Almoraima Aurora and their two offspring. I asked a couple friends to accompany me and we drove up to her Nacogdoches farm on a Sunday. Aurora and her filly were out in the mare pasture and proved to be a lovely pair I immediately wanted to buy. Capitan, had

a huge pasture for himself with a little shelter at the highest point. Lera had neglected to bring along a halter and lead rope but off she walked to the shelter to get Capitan who was not visible. Well, suddenly she appears leading this handsome bright bay stallion with a long flowing mane and tail using only a neck scarf she had been wearing. I was clearly overwhelmed by this handsome stallion that could be lead with a silk-like scarf. My comment was: "How can you part

with this horse?" Capitan was the sweetest mature Arabian stallion I had ever encountered. He was quiet and gentle and had the most beautiful eye. I was overwhelmed though not immediately convinced I should be the one to take on this special horse.

However, when I took a little time to consider the situation I ultimately ended up acquiring Aurora and Capitan and the rest is history. The more I became acquainted with the pedigree of the two, the more it influenced the direction of my focus in the Babson horses, that being his parents Serr Rou and the exquisite Marlaroufa. Capitan was one of two Marlaroufa sons and the only one to have ever been bred.

Capitan had only been used as a breeding stallion, and I believe had only been pasture bred, but I decided to have him started under saddle. Rhita McNair of Gleannloch fame was doing my training at the time and it took her very little time to get him started so that I could ride him. Rhita and I would go out on the heavily wooded trail near her home—Rhita on her gelding and me on Capitan. He was a wonderful ride—very confident and easy. He had a canter to die for. Memories of those days with Rhita and Capitan are probably my fondest times on horseback. I only wish I might have pursued

getting Capitan into the show ring in some manner for others to see and appreciate.

Capitan produced three fillies for me out of Almoraima Aurora and one out of ShavehBedoiumMoon+ (an Egyptian sired mare with a fair amount of Babson in her sire line). He also produced one colt out of Bint Bint Serabah and one out of Serababs Sable Gem (his last foal born this year). Also to his credit while I owned him, is a gelding out of a Pure Polish mare BAF Boldara, who carries many of his handsome features, and the wonderful straight Babson filly out of Aareebah who looks like a female version of her sire. He also sired a number of foals for Lera including Aurora's two foals who sadly have never been bred.

Sadly, Almoraima Capitan died in late summer of 2012. His loss was, and is, great to all who knew him to the extent that we chose to have him cremated to keep his ashes here. There was never a person (while I owned him) who saw him and did not love him.

I never thought I would lose him so young....
